▼ BTW1000B, Battery Torque Wrench

Pinpoint Precision, Time After Time

- Integrated digital motor vectoring system delivers accurate and repeatable torque up to 6,000 Ft.lbs (8130 Nm).
- The most comprehensive pre-programming and calibration process of any battery torque wrench in the world.
- Delivering +/- 5% accuracy throughout the complete usable range of the tool.

The Solo Torque Expert

- Go wherever the job takes you with the handheld, battery-powered design.
- Single-operator usage for unparalleled productivity without cords or hoses.

Set in Seconds

- Set your torque target swiftly and torque with ease, thanks to the intuitive LED display.

Power that Lasts Throughout Your Workday

- Supplied as standard with two Enerpac 18 V 5.5 Ah Lithium-ion batteries and a 60-minute fast-charger. 8 Ah battery option available separately.
- Highly efficient and low maintenance brushless motor runs cooler and maximizes your productivity, even in remote or hard-to-reach areas.
- Effortlessly switch between any compatible Cordless Alliance System (CAS) battery for unmatched versatility and savings.

Torque With Confidence

- Ergonomic glass-filled Nylon handle with a durable slip-resistant overmould.
- Convenient start trigger operation.
- Compatible with standard impact quality sockets.
- Planetary gear design provides smooth and consistent torque.
- Hardened steel alloy square drive withstands high levels of torque and resists wear and tear.
- Robust cast reaction arm provides a safe and strong reaction point.
