Warm Weather Welding & Safety Gear

NEW

7 oz. Hi-Vis Class 3 Flame-Resistant AR/FR Cotton Knit Long-Sleeve T-Shirt

Hi-vis yellow cotton knit provides both flash fire (NFPA 2112) and arc flash (NFPA 70E) hazard protection and is ANSI/ISEA 107-2020 certified (Type R Class 3). 100% AR/FR cotton is a comfortable, breathable, and lasting alternative to FR polyester which melts when exposed to high temperatures and is non-absorbent, leaving you hot and sticky when wearing.

- 7 oz flame-resistant AR/FR cotton knit (Hi-Vis Yellow and Black)
- Segmented FR heat transfer tape is more flexible and comfortable
- "X" reflective pattern on back indicates when wearer's back is turned
- Black fabric at bottom (front only) helps hide dirt and grime
- ASTM F1506; NFPA 2112; UL certified
- NFPA 70E certified; ATPV 8.2 cal/cm² (PPE CAT 2)
- ANSI/ISEA 107-2020 Type R Class 3

5-4XL

Black Stallion® FR Cotton Knit Keeps You Comfortable & Protected

Our 7 oz. AR/FR cotton knit long-sleeve tees & henley are constructed with looped yarns that stretch for easy motion. The yarn allows more airflow between shirt and skin for cooling breathable comfort, too. The knit is treated to meet ASTM F1506, NFPA 2112, and NFPA 70E standards through 100 home washings.

7 oz. Flame-Resistant AR/FR Cotton Knit Long-Sleeve T-Shirt

Designed for workers who may be exposed to potential flash fire and arc flash hazards typically associated with Oil & Gas, Utility, Construction, and Industrial applications. Layer under protective outerwear to increase protection. Tested to both NFPA 2112 and NFPA 70E standards. Maintains protection through 100 home washings (50 commercial laundry cycles).
